5. **Middle School Credits: 1<sup>st</sup> read:** we have had a couple of middle school principals reach out to Mrs. Lusby. They want to know if 8<sup>th</sup> grade students, that are ahead, can take some high school credits. Mrs. Lusby said that she had no problem with this as long as it is a humanities, PE or health class. Not any crazy classes like languages or math. Maybe 4 to 5 classes, tops. The council agreed that they would vote on the class choices.  
**Motion to approve 1<sup>st</sup> read: Approved 1<sup>st</sup> Hopkins 2<sup>nd</sup> Curren**
6. **Good News Report**
  - a. **Report on return to school:** It was a positive 95% the first few days of attendance. The bus issue has been a lot of our attendance problems. The kids slid right back into the swing of things. We do have some classified and certified staff on quarantine.  
If a student is failing they will be given an assessment so that their summer school is very intentional. There will be validity in earning the credits. Students need to know they need to earn these credits in the summer now. This is why we are sending out failure letters to parents and students.
  - b. **Report on district NTI plan:** Dr. Hub himself came up with the 8 days of NTI work for the students. All of the work is the same. It is career readiness, not part of core content. Students can go online to the Scott County school’s website, click on their school, type in NTI and the work is right there for them to find. Teachers are also going over how to do this in their NEST. We have also given our pen and paper students the first 3 days of NTI.  
| For the ACT test, March 9<sup>th</sup>, we are requesting that the 9<sup>th</sup>, 10<sup>th</sup>, and 12<sup>th</sup> graders be out of the building. They will only be 8 to 9 juniors per classroom during the ACT. We are still unsure about the end of course social studies testing that is usually in April or May. All seniors must pass the Civics test to graduate. So, we will be giving this test again sometime in March.
7. **Budget Report:** Dr. Hub has chosen the 18<sup>th</sup> of the month for the allocation meeting. As of right now we have 1762 students scheduled to come here next August. We are in good shape on allocation where we are right now. We will need more teachers, maybe 9 to 10, working in our building next year.  
The board will be taking care of summer school busses, breakfast and lunch. Our IT department is still in the negative but it is slowly coming up. You have to buy materials to make things to sell.  
**Approve: 1<sup>st</sup> Peoples 2<sup>nd</sup> Willis**
