- 7. Proposed SBDM Policy for Graduation (Lost Library Books and Materials)—First Read: (see enclosed)** We need to tie in the word Accountability!! This will be just losing their Senior activities only. Not the chance to walk at graduation. We could make it take effect immediately. Include English books in this policy. Students could work off fees if they cannot afford them. Working in the library or anywhere in the building.
- 8. Budget Report: (see enclosed)** It is asked by staff if each Department could get a monthly print out of their spending and totals? Mrs. Lusby said she would talk to Mrs. Wilder.

Section 6 monies were moved like we approved. We have \$20000 in contingency. We are having a paper shortage right now so we had to go to Walmart to purchase paper. **Approved: 1st Ford 2nd Smith**

9. Data Update

- a. Attendance**—88.84 % Freshmen and Juniors have the most absence issues.
- b. Enrollment**—1738, we lost a few since last month
- c. Postsecondary Readiness Percentage**— As of right now we are at 43%. But we will be giving the KYOTE at the end of the month. We may hit through Dual Credit also. We will have the ACT, KYOTE, and CTE after December. This will give us another chance to get our percentages up. Our goal is 70%
- d. Behavior**— there have been 181 students' disciplines. We have had 334 events to which some of these could be excessive tardies. The positive to this is that the number is very small considering we have 1738 students.
