4. **Public Comment: N/A**
5. **Introduction of our newest SBDM Member (in person), Laranda Smith:** Welcome Mrs. Smith to the SBDM council.
6. **Communication about COVID:** We have 4 students as of today with COVID. 99% of our students are being compliant. Some may have their noses out and we have to remind them to wear their mask correctly. If a student does not comply after several attempts they are put in isolation until they are ready to follow the rules.
All of the problems are happening outside of school. Parents bring it home. Students go around others with no masks. If our county goes red we will probably be out. We can go back viral. It will be hard but we can do it.
Mr. Quackenbush said hats off to staff and students for wearing masks and following rules. Mrs. Lusby said that we have 4 STEEPS in the building. They are subs that are in our building everyday for 2 weeks where ever we need them. Mr. Quackenbush said that he has been a STEEP at ECS since we came back in person.
7. **Good News Report**
 - a. **Plan for November 23rd and 24th at GCHS:** We are hitting the freeze button. There will be no changing of “in person to Virtual” or vice versa until Tuesday the 10th. The conversations must go through Mrs. Lusby. Especially since if it is not COVID related. A lot of our virtual students are failing. This is hard for everyone.
 - b. **Student Landin Stadnyk made national news about the youngest person to ever be elected to public office:** Mrs. Lusby found out about this because a news reporter came in last week about it. He made the national news.
8. **Budget Report:** Fund 21 is negative in IT but the money will be coming back.
9. **Request to Move ESS Money:** We have students that are taking virtual Spanish. We need an interpreter to grade the work. ESS must be paid out of General Fund. Would like to move \$5000 from Fund 21 to General Operating account.
Motion to approve moving \$5000.00 from Fund 21 account to General Operating account.
